

Server Error in '/app' Application.

A connection attempt failed because the connected party did not properly respond after a period of time, or established connection failed because connected host has failed to respond

Description: An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

Exception Details: System.Net.Sockets.SocketException: A connection attempt failed because the connected party did not properly respond after a period of time, or established connection failed because connected host has failed to respond

Source Error:

```
Line 36:      Dim adpt As New MySqlDataAdapter(sql, conn)
Line 37:      Dim tbl As New DataTable
Line 38:      adpt.Fill(tbl)
Line 39:      conn.Close()
Line 40:      adpt.Dispose()
```

Source File: C:\inetpub\wwwroot\app\App_Code\DB.vb **Line:** 38
